

Willowshade

A true find for the historic home lover, this circa 1763 farmhouse on an enchanting country dirt road has been beautifully renovated for modern day living while preserving the original details and charm. Wide plank floors, period moldings and 5 working fireplaces enhance this charming home. The country kitchen and formal dining room both have fireplaces and access to a gorgeous patio that overlooks the lush property. There is also a wine cellar, play room and laundry area on the same level. The first floor opens from the rocking chair porch to the foyer, large parlor with fireplace and built-in bookshelves, sitting room with fireplace and full bath, and office or extra bedroom with full bath. The master bedroom suite with fireplace plus 2 additional bedrooms, all with full baths and walk-in closets complete the upper level. The nearby barn offers 1-car garage, exercise room and mechanicals, as well as a large finished room with full-bath and walk-in closet on the second floor. The 3.4 acre property also features a ½ acre stocked pond and courtyard rose garden. This little piece of heaven is only minutes to the village and Metro North.
